

**DIVISION MANAGER CHANGE AT VCAS'S CUSTOMER SERVICE DEPARTMENT**

**Flemming Leth-Jensen**, employed at Vestergaard Company A/S since 1996 and Customer Service department manager since 2001, has set himself a new challenge and will in future be responsible for the development of our Asia VTS branch in Thailand.

We like to thank Flemming for his commitment and the considerable work he has done and wish him good luck and success with the new chosen task!

The new head of the customer service department is an experienced colleague and a known face to many of our customers.

**Carsten Daugard Laursen**, since 1997 at Vestergaard Company A/S, will be the new head of our customer service department. As previous project coordinator he was involved in the development and the construction of Vestergaards' units. He has thus a profound product knowledge and is widely respected amongst our customers.

Best wishes for the new job!

Carsten can be reached by e-mail under: [cl@g-vestergaard.dk](mailto:cl@g-vestergaard.dk)

*Flemming L. Jensen*

In this issue:

- Change of division manager at VCAS Customer Service department
- Summer overhaul /preventive service – spare part package
- "Brush up" training
- High-flexible hose assembly
- MOVINCAR – VCAS's representative in Italy

*The Vestergaard Customer Service Newsletter will be issued regularly with news about spare parts and service.*

**SUMMER OVERHAUL /PREVENTIVE SERVICE: SPARE PART PACKAGE**

It's time for the annual service again.

For those of our customers, who prefer to execute the yearly maintenance on their own, Vestergaard can assist with a special spare part package, consisting of lubricants, strainers, sealings, etc..

This will make it easy for you to keep track of the spare parts you use for each individual unit.

Just provide us with the unit's ON-number and we will prepare a quotation, tailored to the unit's necessary spare-parts.

Upon receipt of your order, we will forward the individual spare part package.

Should you have further questions or require more information, please feel free to contact us.

**“BRUSH UP TRAINING”  
FOR YOUR STAFF ON YOUR  
VESTERGAARD EQUIPMENT**

Vestergaard Company offers a training for all those mechanics and maintenance people, who wish to brush up their technical knowledge on their Vestergaard units.

The training includes overall view in fluid, hydraulic, electrical and all other schematics according to the unit’s manual; it can include practical trouble shooting for the mechanics and maintenance people directly on the equipment at your site too.

The training offered corresponds to our standard training course procedure.

Out of question, that it can be custom-tailored to your requirements.

Should you have further questions or need more information, please feel free to contact our customer service department or the responsible:  
Mogens Malmstrøm Andersen  
Email: ([ma@g-vestergaard.dk](mailto:ma@g-vestergaard.dk)) .

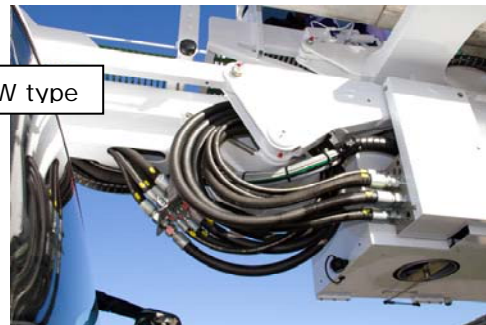

**HIGH-FLEXIBLE HOSE ASSEMBLY**

If you are about to change the hoses from the boom end through the cable chain to the turnable platform, then Vestergaard Company offers a new developed hose assembly.

Old type

Your advantage with this new type is, extended life time of hoses in cold conditions and a very easy change of hoses in future. This is available for both, the low- and the high-type of cable chain box.

NEW type

Please contact Vestergaard’s Service Department for more information.

**MOVINCAR S.p.A.  
VESTERGAARD COMPANY A/S - AUTHORIZED REPRESENTATIVE FOR ITALY**

We are pleased to inform that Vestergaard Company A/S has named an authorized representative for Italy: the company Movincar S.p.A. .

Movincar S.p.A. is present at several locations in Italy, [(Leini (TO), Paderno Dugnano (MI), Piacenza and San Nicola di Melfi (PZ)] and is ready to serve our Italian customers i. a. with delivery of spare-parts, service, repairs, etc. .

Vestergaard still at your service

Even though Movincar S.p.A. now officially has taken over the responsibility for the Italian market, Vestergaard Company A/S will by no means lower its attention to the Italian market, and the full resources of our Sales, Service and Engineering departments will of course still be available to our customers.

We trust that this new cooperation will benefit all parties and we hope that our Italian customers will greet our new “face” welcome in your airport.
